

Week 27 Unattended Noise Monitoring Reports

Summary of Weekly Noise Data and Exceedances of Permissible Levels

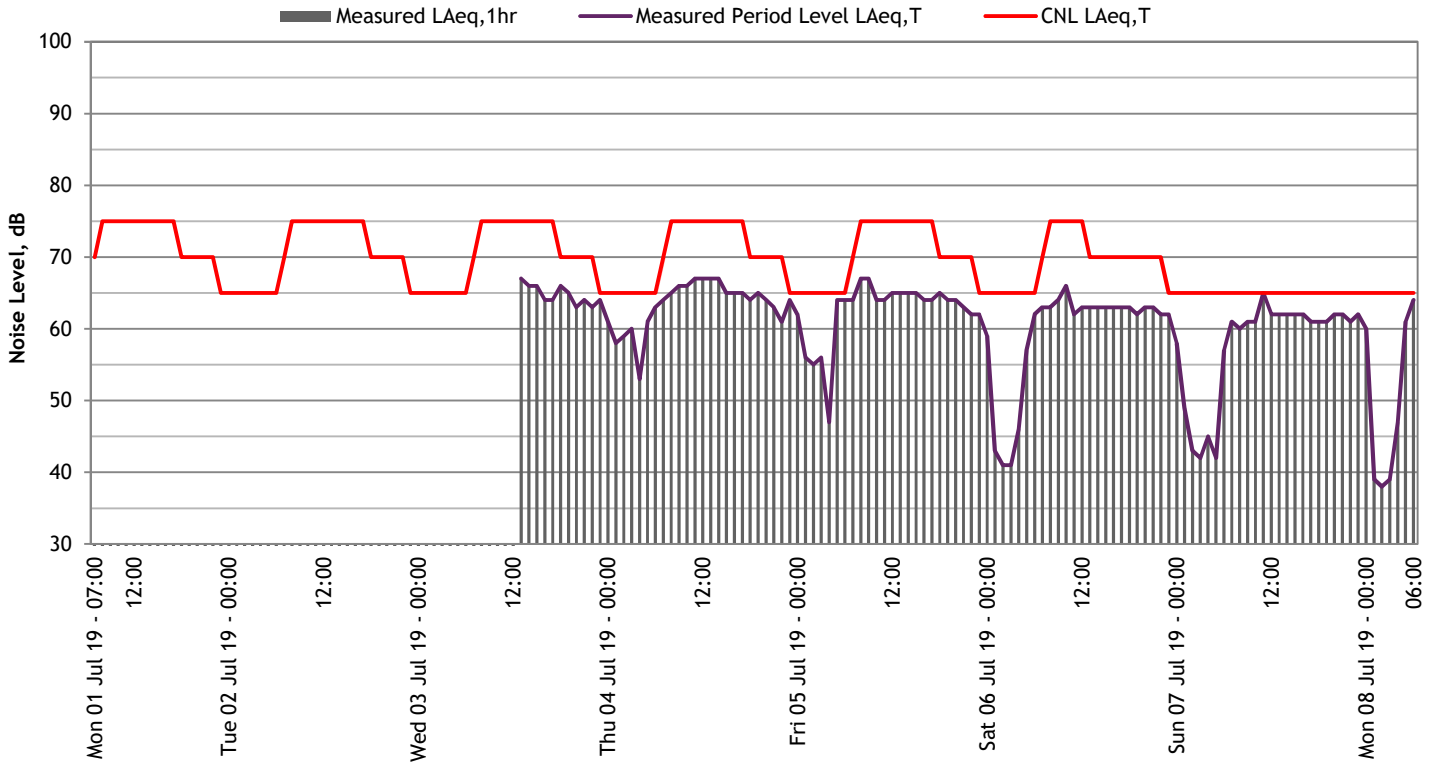

between 07:00 hours Monday 01 July 2019 and 07:00 hours Monday 08 July 2019

Notes

There were 0 exceedances of the construction noise limits during this week of monitoring at 2C Cole Park and 16 Mary's Terrace monitoring locations. There is no data available for MP1 between 27th June to 3rd July due to a vehicle accident with the lamp post, which required the monitor to be demobilised.

- Measured LAeq,1hr - Averaged noise levels over 1-hour period.
- Measured period LAeq,T - The line shown on the graph follows the averaged Leq level over the relevant assessment period (i.e. Monday 08:00-18:00hrs LAeq,10h, or Saturday 08:00-13:00hrs LAeq,5h). When an exceedance occurs, the noise level over a measured period goes above the Construction Noise Level (CNL) limit.
- Construction Noise Level (CNL) limits.
