

Week 26 Unattended Noise Monitoring Reports

Summary of Weekly Noise Data and Exceedances of Permissible Levels

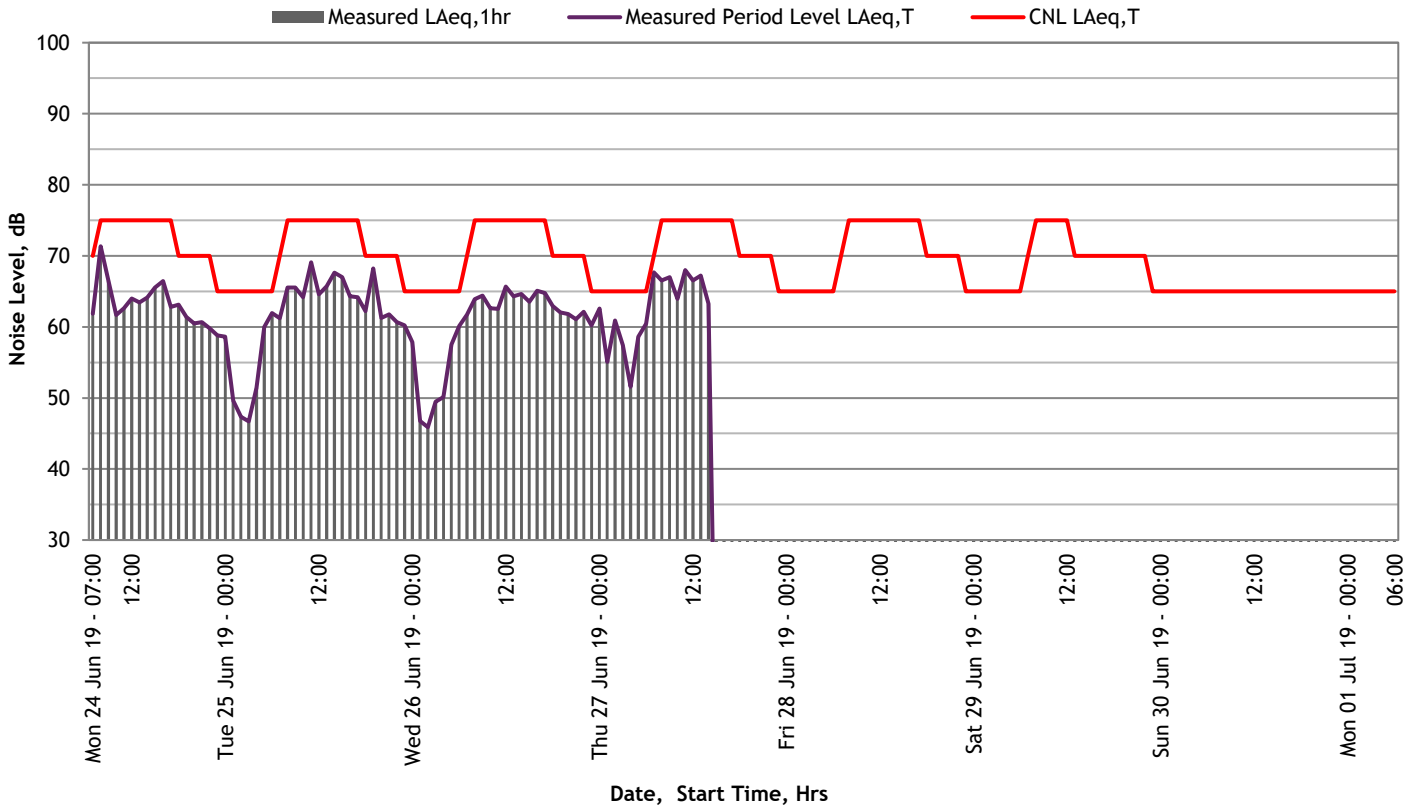

between 07:00 hours Monday 24 June 2019 and 07:00 hours Monday 01 July 2019

Notes

There was 1 exceedance of the construction noise limits during this week of monitoring at the 2C Cole Park monitoring location, this was not site related .
 0 exceedances were reported at the 16 Mary's Terrace monitoring location. There is no data available from Friday 28th at 16 Mary's Terrace due to lampost with the monitoring kit being destroyed.

- Measured LAeq,1hr - Averaged noise levels over 1-hour period.
- Measured period LAeq,T - The line shown on the graph follows the averaged Leq level over the relevant assessment period (i.e. Monday 08:00-18:00hrs LAeq,10h, or Saturday 08:00-13:00hrs LAeq,5h). When an exceedance occurs, the noise level over a measured period goes above the Construction Noise Level (CNL) limit.
- Construction Noise Level (CNL) limits.
