

# Week 49 Unattended Noise Monitoring Reports

## Summary of Weekly Noise Data and Exceedances of Permissible Levels

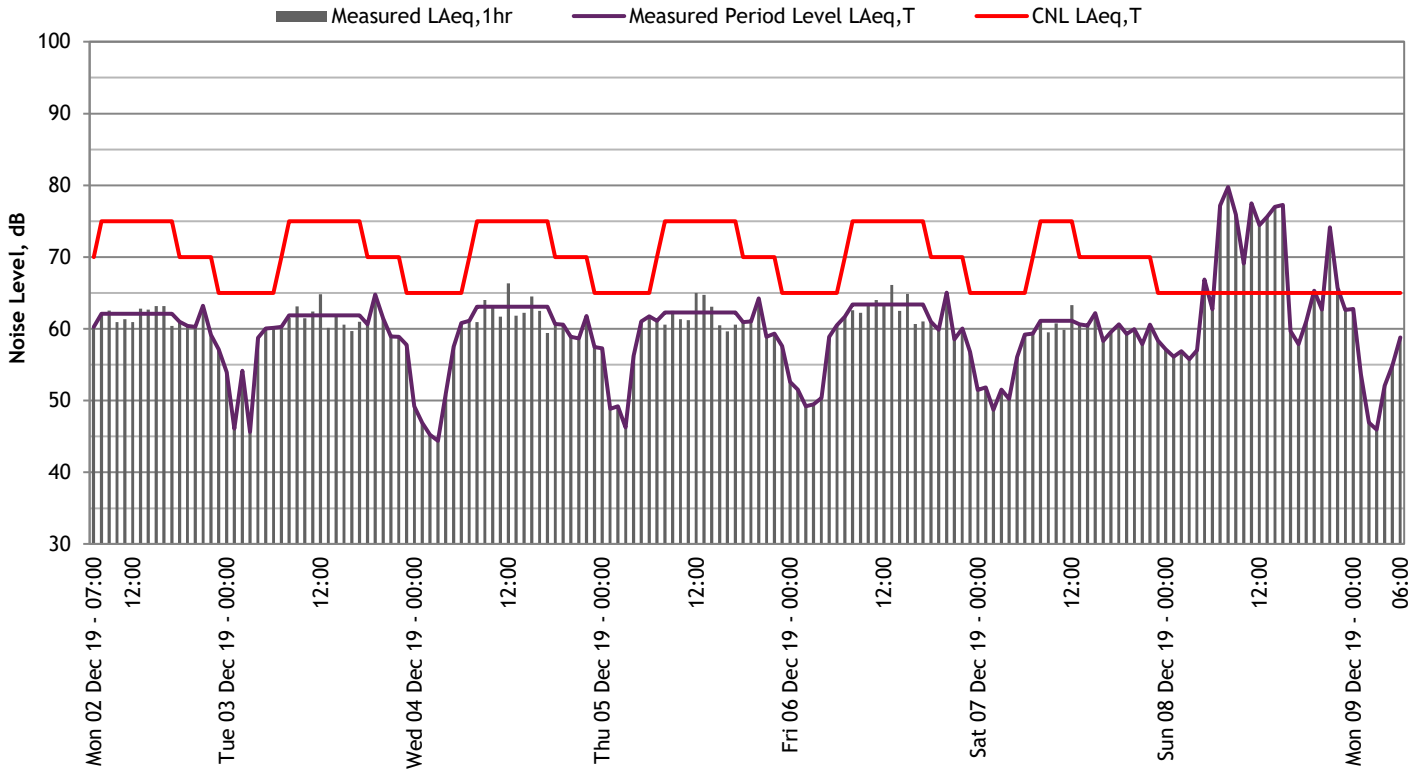

between 07:00 hours Monday 02 December 2019 and 07:00 hours Monday 09 December 2019

### Notes

There were 13 exceedances of the construction noise limits during this week of monitoring at the Mary's Terrace position. These were due to works taking place on site, the movement of materials and the use of generators.  
There were 0 exceedances of the construction noise limits at the Cole Park Road monitoring position.

- Measured LAeq,1hr - Averaged noise levels over 1-hour period.
- Measured period LAeq,T - The line shown on the graph follows the averaged Leq level over the relevant assessment period (i.e. Monday 08:00-18:00hrs LAeq,10h, or Saturday 08:00-13:00hrs LAeq,5h). When an exceedance occurs, the noise level over a measured period goes above the Construction Noise Level (CNL) limit.
- Construction Noise Level (CNL) limits.
