

# Week 42 Unattended Noise Monitoring Reports

## Summary of Weekly Noise Data and Exceedances of Permissible Levels

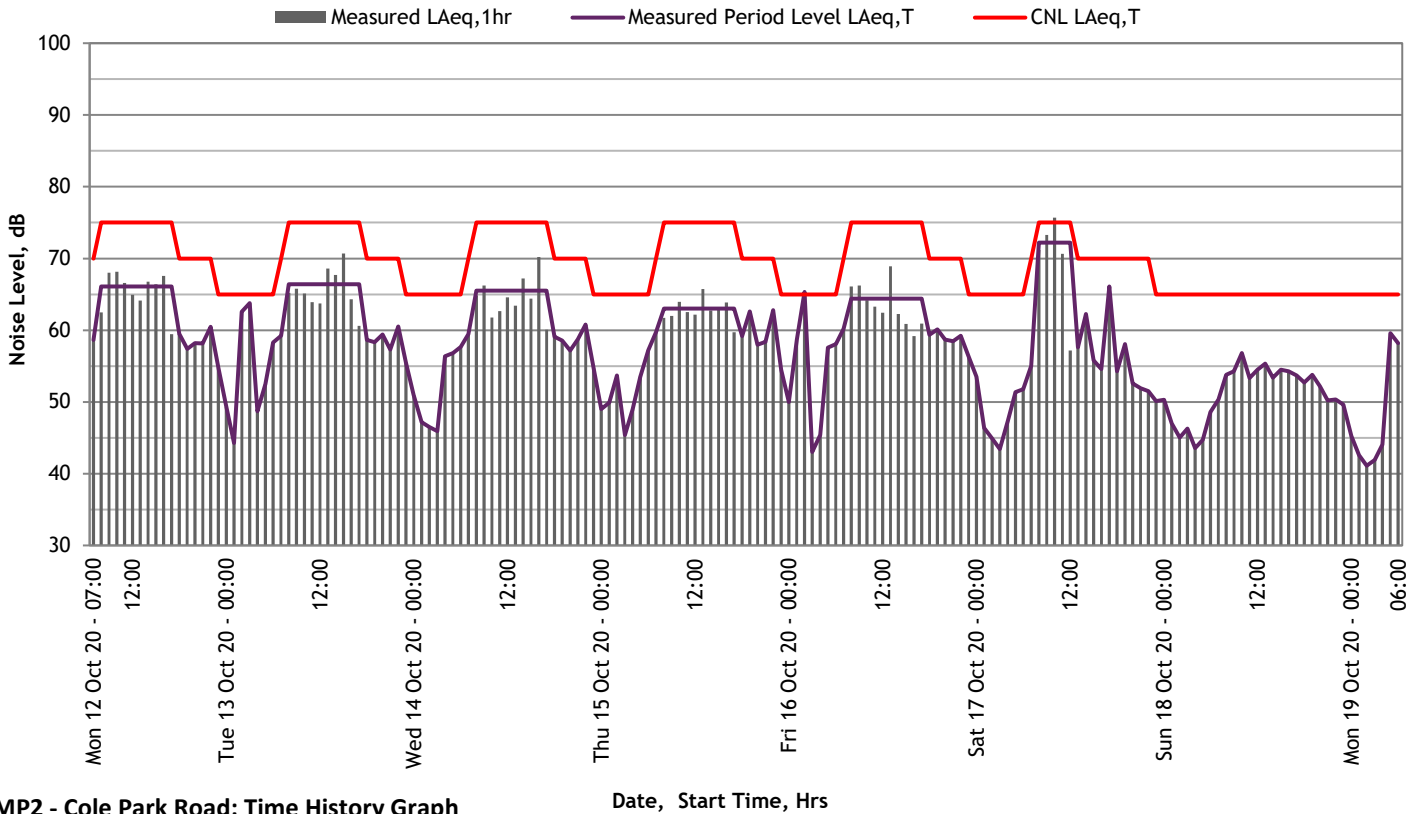

between 07:00 hours Monday 12 October 2020 and 07:00 hours Monday 19 October 2020

### Notes

There was 1 exceedance of the construction noise limits at Mary's Terrace. This was not site related, it was due to a freight train pass by. No data was recorded at 2C Cole Park Road given this monitor was demobilised on 22/09/2020 following a request from the land owner.

- Measured LAeq,1hr - Averaged noise levels over 1-hour period.
- Measured period LAeq,T - The line shown on the graph follows the averaged Leq level over the relevant assessment period (i.e. Monday 08:00-18:00hrs LAeq,10h, or Saturday 08:00-13:00hrs LAeq,5h). When an exceedance occurs, the noise level over a measured period goes above the Construction Noise Level (CNL) limit.
- Construction Noise Level (CNL) limits.
