

Notice of Upcoming Work at Twickenham Station

We are writing to update you on our works in December on the station platforms

24th Nov 2017

Island Enabling Works Update

Following our previous update regarding the Island platform works at Twickenham Station, we are writing to update you that we will be completing those works on Sunday evening to Monday morning of the 27th November as advised.

Our next phase of works include;

- Movement of material from and to the Island Platform using plant and equipment.

In order to complete these works, it is necessary for us to carry out activities at night using engineering hours. During this time, we will be able to use a line block to safely access between platform 3 and 4/5, without disrupting train services.

The works will take place each night between 22:00 and 05:00 the following morning. Work is planned to commence on Sunday 3rd December and continue until the morning of the 11th December.

This work will cause some noise disturbance. Site guard fencing with a layer of echo barriers will be used where practicable to reduce disruption, and noise monitoring will be undertaken to manage the works.

We apologise in advance for any inconvenience caused.

How to get in touch

Our site team operates an open-door policy. Alternatively, you can contact the project's Community Liaison Officer Rowan Cole on community@twickenhamforward.com.

In case of emergency, you can contact our 24/7 manned hotline on 07971 125 180.

Copies of this and future updates can be found on the project website. You can also sign up to receive dedicated email updates about the progress made to date, and what's happening next, at: www.twickenhamforward.com

Thank you in advance for your patience, and apologies for any inconvenience caused.

The site has been registered with the Considerate Constructors Scheme (CCS), which means that how we interact with our neighbours and operate our site will be regularly assessed independently.

More information on the CCS can be found on their website:
