

Notice of Upcoming Work at Twickenham Station

We are writing to update you on our works in April on the station

21st March 2018

Upcoming Works Update

Engineering hours work

Following our previous communication regarding the works at Twickenham Station, we are writing to update that we have had to cancel some of the planned night activities due to the following issues;

- Inclement Weather (Snow)
- Emergency works carried out by Network Rail

This has impacted on the following activities:

- Moving material and plant from Platform 3 to the Island Platform
- Lifting in and installing Precast Concrete units using the Tower Cranes

To complete these works, it is necessary for us to carry out activities at night, using engineering hours when the station is closed. During this time, we will be able to use a line block to safely access between platform 3 and 4/5, without disrupting train and station services. Unless noted, preparation work will commence at 10pm (on the evenings noted below). Once the last train has departed the station, the line block will commence around 1am (on the mornings noted below) and enable us to work until 5am, before clearing the site and completing the works by 6am.

To ensure we keep to the plan, we have had to book the following additional nights to cover those lost:

- 3rd April 2018 (working Tuesday evening/ Wednesday morning)
- 4th April 2018 (working Wednesday evening/Thursday morning)
- 5th April 2018 (working Thursday morning/ Friday morning)

This work will cause some noise disturbance. Site guard fencing with a layer of echo barriers will be used to reduce disruption, and noise monitoring will be in place to manage the works. Thank you in advance for your patience, and apologies for any inconvenience caused.

How to get in touch

Our site team operates an open-door policy. Alternatively, you can contact the project's Community Liaison Officer Rowan Cole on community@twickenhamforward.com.

In case of emergency, you can contact our 24/7 manned hotline on 07971 125 180. Copies of this and future updates can be found on the project website. You can also sign up to receive dedicated email updates about the progress made to date, and what's happening next, at: www.twickenhamforward.com

The site has been registered with the Considerate Constructors Scheme (CCS), which means that how we interact with our neighbours and operate our site will be regularly assessed independently.

More information on the CCS can be found on their website:
