

Week 3 Unattended Noise Monitoring Reports

Summary of Weekly Noise Data and Exceedances of Permissible Levels

between 07:00 hours Monday 15 January 2018 and 07:00 hours Monday 22 January 2018

Notes

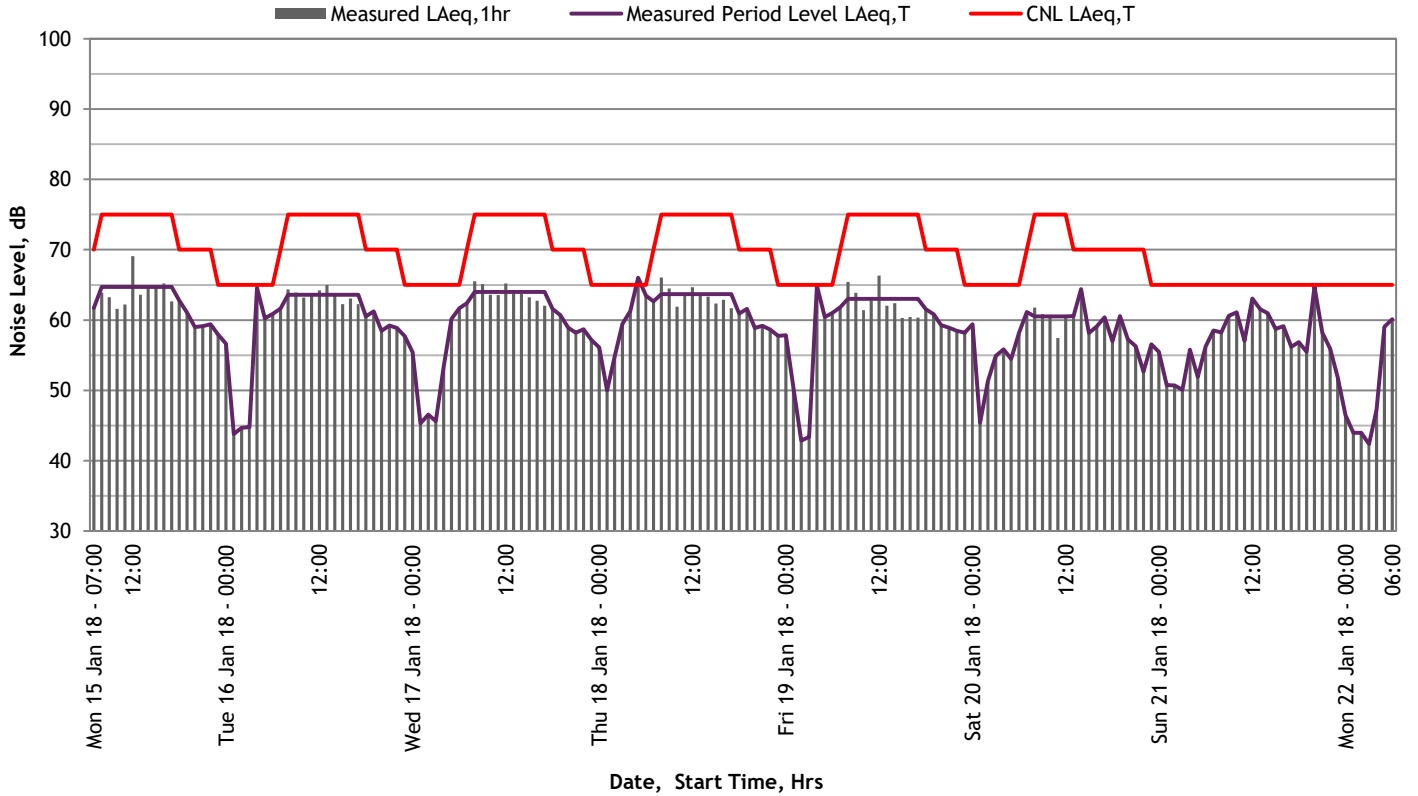

There were 2 exceedances throughout this week of monitoring, 1 occurring at MP1 and the one at MP2, which were caused by construction noise from site.

— Measured LAeq,1hr - Averaged noise levels over 1-hour period.

— Measured period LAeq,T - The line shown on the graph follows the averaged Leq level over the relevant assessment period (i.e. Monday 08:00-18:00hrs LAeq,10h, or Saturday 08:00-13:00hrs LAeq,5h). When an exceedance occurs, the noise level over a measured period goes above the Construction Noise Level (CNL) limit.

— Construction Noise Level (CNL) limits.

MP1 - 16 Mary's Terrace: Time History Graph

MP2 - 2A Cole Park Road: Time History Graph
