

Week 20 Unattended Noise Monitoring Reports

Summary of Weekly Noise Data and Exceedances of Permissible Levels

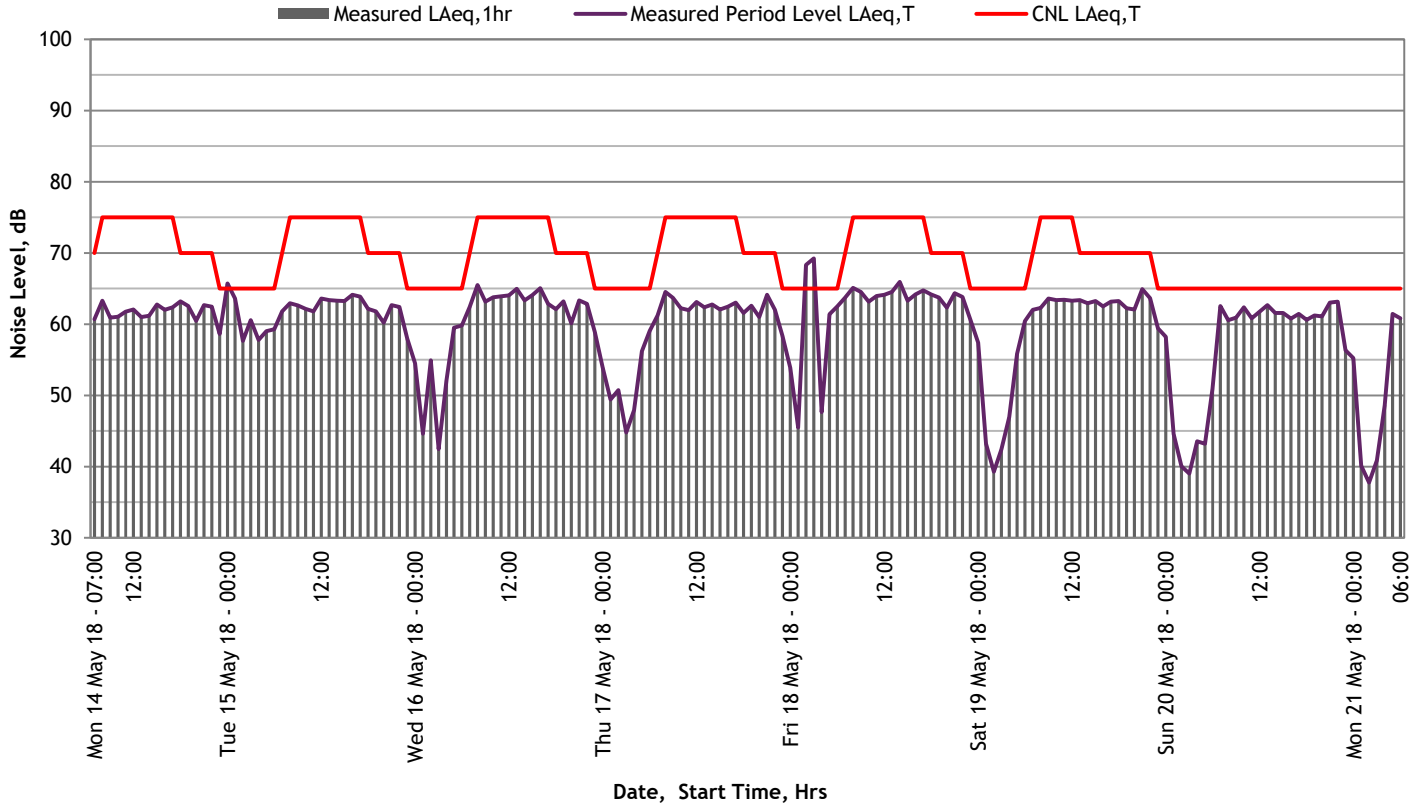

between 07:00 hours Monday 14 May 2018 and 07:00 hours Monday 21 May 2018

Notes

There were three exceedances during this week of monitoring, one occurring on Tuesday 15th and two occurring on Friday 18th at 16 Mary's Terrace. Audio recordings have found that all exceedances were not site related

- Measured LAeq,1hr - Averaged noise levels over 1-hour period.
- Measured period LAeq,T - The line shown on the graph follows the averaged Leq level over the relevant assessment period (i.e. Monday 08:00-18:00hrs LAeq,10h, or Saturday 08:00-13:00hrs LAeq,5h). When an exceedance occurs, the noise level over a measured period goes above the Construction Noise Level (CNL) limits.
- Construction Noise Level (CNL) limits.
