

# Week 24 Unattended Noise Monitoring Reports

## Summary of Weekly Noise Data and Exceedances of Permissible Levels

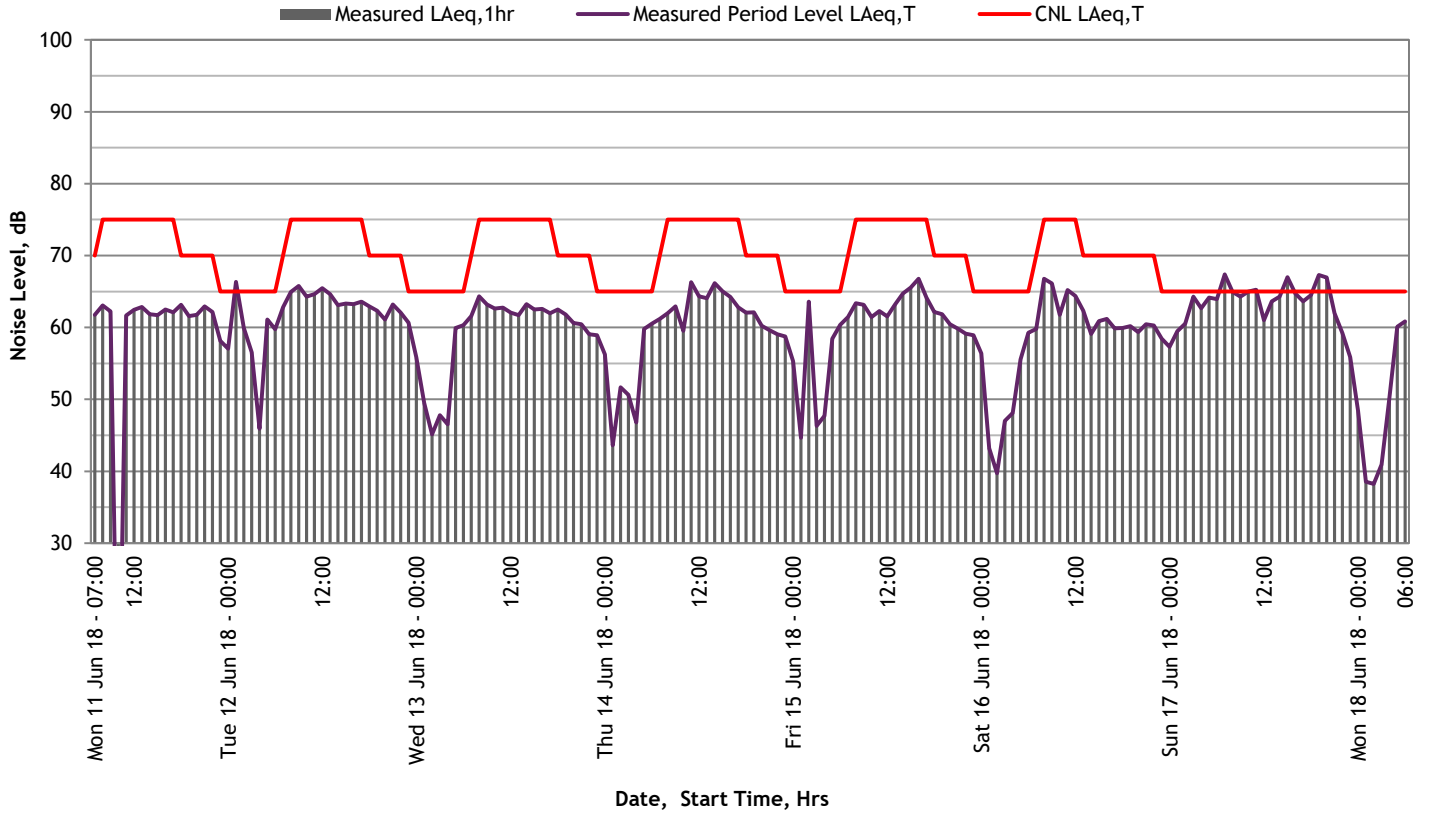

between 07:00 hours Monday 11 June 2018 and 07:00 hours Monday 18 June 2018

### Notes

There was one non-site related exceedance and five site related exceedances of the construction noise limits during this week of monitoring. The non-site related exceedance occurred on Tuesday 12th June and rest on Sunday 17th June.

- Measured LAeq,1hr - Averaged noise levels over 1-hour period.
- Measured period LAeq,T - The line shown on the graph follows the averaged Leq level over the relevant assessment period (i.e. Monday 08:00-18:00hrs LAeq,10h, or Saturday 08:00-13:00hrs LAeq,5h). When an exceedance occurs, the noise level over a measured period goes above the Construction Noise Level (CNL) limit.
- Construction Noise Level (CNL) limits.
